We strive to raise quality horses with athletic potential and great dispositions. Featuring progeny of these two stallions, Kingwood Legend (1999 Buckskin), his pedigree includes some of the great all time sires in Quarter Horse history including Driftwood, Kingsville, Joe Hancock, and Poco Speedy. Royal Cowboy Jack (2004 Black), carries the blood of Watch Joe Jack, Jackie Bee and Snippys Cowboy. The colts are born out in the pasture where they learn to move freely and develop physically and mentally. They have great dispositions and we feel they can go in any direction you desire. Dollar is a nice, stout, fancy rose grey gelding. He is a 3 year old Welsh Pony and he stands at 11 hands tall. Don't let his small size fool you. He is built and will be able to go all day. We sold a full sister to a family in Texas, where she was shown and did very well, and a 1/2 brother to him was sold at Price's horse sale last year. He will be lightly started and will be able to go in any direction you want.

Here is a cute, smaller type, 2 year old gelding. He has 90 rides on him so far. Built extremely well and stout. Very sweet, easy going personality. He rides out nice in the pasture and ponies other horses as well. You can trail cows, open gates, and swing a rope off of him. He is easy to get along with and doesn't have any bad habits. This colt is eager to please and ready to go in any direction.

This pretty buckskin mare has never been exposed to a stallion. She is broke to lead and gentles down quickly when she is haltered. She was ridden a couple of times as a 3 year old but has not been ridden since although she was saddled a few times each year since then. She is still young enough to be broke to ride and should make an excellent saddle mare, or performance horse, and will ultimately make an excellent broodmare. On the top side she goes back to Three Bars twice and Hardtwist twice, two great speed horses as well as Mae West, a super speed horse and great producer of the 1940's. On the bottom side, she goes back to Billy Meyers' great barrel horse sire, Frenchmans Guy, as well as some of the best of Lee Lopez and Geno Hunt's breeding. Cow and speed with this pretty buckskin color and fine conformation. What more could you ask for in a good prospect.

She is still young enough to be broke to ride and should make an excellent saddle mare, performance horse, and will ultimately make an excellent broodmare. She is double bred to Jesse James on the top side as well as going back three times to Doc Bar. A excellent cutting horse pedigree. In the short space provided for in this catalog, there is now way that enough good could be said about this really nice young horse. Look at his breeding. He has several of the modern greats, right on his pedigree, as well as the great Peppy San Badger. We used him as a stud for a couple years, then gelded him. He is really broke, extremely gentle, and we can usually catch him anywhere (he will usually come meet you at the gate). He has dug hundreds of calves to branding fires, has been used as a child, lesson horse and nearly everything else that one can use a horse for on the ranch. He can be ridden by nearly anyone who can be put on him. He has some trainings as a cutting horse and has been used to sort lots of cattle as well as been ridden as a pen back horse at the sale barns.
